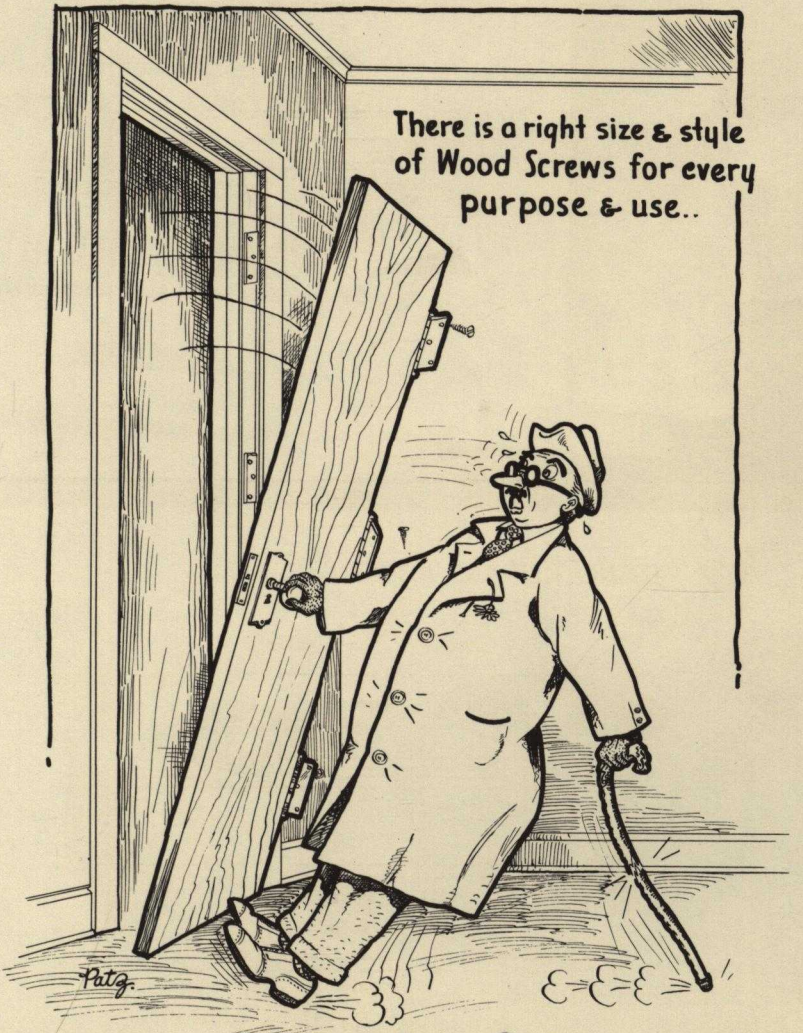
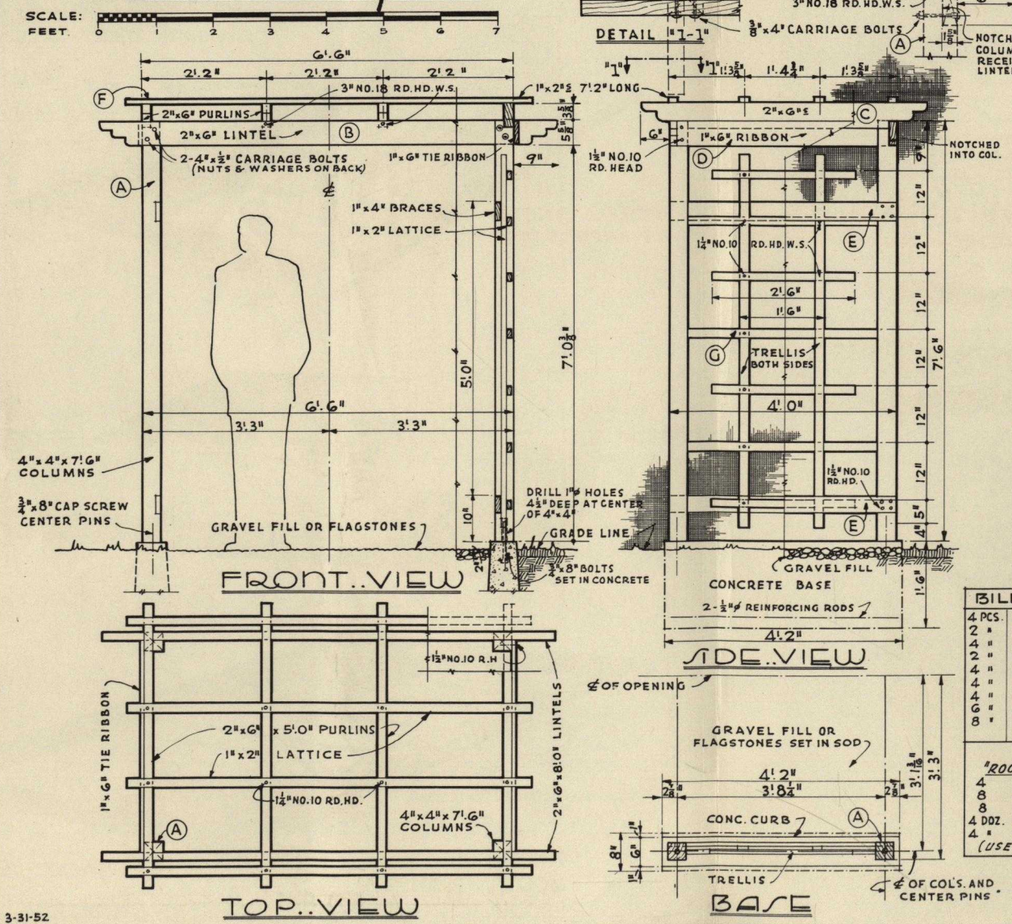
"AVOID THIS—USE 'ROCKFORD' WOOD SCREWS"



Our Catalog #106
lists all Standard sizes and styles.

Rose...Pergola



INSTRUCTIONS:

JUNE, THE MONTH OF ROSES, WEDDINGS & THE BEGINNING OF SUMMER IS REALLY AN EXCITING TIME OF THE YEAR. THE GARDEN IS THEN A RIOT OF COLOR AMID THE FRAGRANCE OF ROSES.

- FOR SOMETIME NOW OUR GORGEOUS HYBRID CLIMBERS HAVE BEEN NEGLECTED FOR WANT OF A PROPER SUPPORT OF SOME KIND. NOTHING CAN SHOW OFF A BLOOMING CLIMBER OR FLOWERING VINE BETTER THAN A PERGOLA.
- BUILDING ONE IS NOT THE CHALLENGE THE AVERAGE HANDY-MAN MAY THINK. IN DESIGNING PROJECT NO.11 I HAVE CONSIDERED SIMPLICITY & SIMPLE CONSTRUCTION. STANDARD DIMENSION LUMBER IS USED & STURDY CONSTRUCTION IS ASSURED BY ASSEMBLING WITH "ROCKFORD" SCREWS & BOLTS AS SHOWN.
- BY SETTING PERGOLA ON CONCRETE CURBS ROTTING OF POSTS IS ELIMINATED WHICH OCCURS WHEN SAME ARE SET INTO GROUND. IT ALSO MAKES FOR EASIER PLUMBING & LEVELING OF SUPERSTRUCTURE.
- USE FIR, REDWOOD OR CYPRESS & FINISH NATURAL FOR RUSTIC EFFECT OR PAINT WHITE.
- DESIGN SHOWN IS BASIC & SIZE CAN BE ADJUSTED TO REQUIREMENTS. GATES MAY BE ADDED AS WELL AS CONNECTING WOOD FENCES.
- MAKE A STUDY OF YOUR PARTICULAR LAYOUT IT IS A LOT OF FUN PLANNING.

Good Luck
HERM.
